Hi Simma – Attached are my suggestions. I did have one question about some leg history that I think I remember from one of our many FL papers, but can't seem to find at the moment...

Sure. We have our call to discuss this at noon, but it's not urgent if you have more pressing matters. Thanks for taking a look!

Sorry I skimmed by this. I'll put this on my list. If it's COB tomorrow, would that be ok?

Hey Alexis,

Do you have time to take a look at this before tomorrow at noon, by any chance? I don't anticipate you will have significant concerns, as it's largely lifted from other docs you have approved.

Any chance you can review this, say by next Wednesday? It's totally borrowed from the Silva letter and your FL briefing papers – I didn't write anything new.

Ruth/Pat/Kathy: Here is the write-up that Simma and I are proposing regarding ESA compliance for the preamble. If it could be shared with the rest of the workgroup (maybe attach to the next meeting invite), that would be great.
